Harkins- 120 OPP. RCMP also providing 120 (frontline only). 360 total. 180 every 12 hour shift.

27 coming from NER. All in the works currently.

Commissioner- Briefing Sec of Cab – will sit down with you to get numbers right.

Goal is to have 100 on ground in Windsor tonight.

TPS- have been asked for 30- working towards that.

EOC sit rep- speaks to HSD being in Niagara... but not specific to what event that is.

DiMarco- Laurie Taylor Bolton making reach out to Niagara and EOC to update the response.

Debrief of meeting just held with Chiefs re. convoy- provincial deployment.

Commander- flagging that we are alive to emergency funding for emergency procurements. Have proactively flagged for the Ministry as well. DAR code established to track costs/ hours associated.

DiMarco- discussion in the meeting around DND tow trucks- will start working on getting the advance approval to do that if we need to utilize them.

Harkins- will include the smaller services into our numbers- those that want to help. Will follow up with Chief Pardy

Commissioner- need some touch up on the Hub presentation- to clarify points. Mike to follow up with written framework to share with partners.

Where are we at provincial deployment- numbers?

DiMarco- asked for update. If we had to deploy, we pulled those numbers and sent to the planners to be updated. Went back to lists. They're about ¾ complete. Want 100 in Windsor today and figure out where they'll be deployed once there. Start rolling- get there and await instruction. Will get update and send via email where we are.

Commander Silverthorn- deferring training for 2 weeks- will be captured in the memo to ECT that Supt McDonell is drafting.

Identified some courses we can defer- to ensure we can keep people available. Take a look and provide your feedback to me.
